Course Title: Boundary Training 117

Course Subtitle: Professional Boundaries in the Disability Community

Target Audience: OT/OTA

Course Length: 1 hour

Course Author/Instructor: Brown, MS, OTR/L, CHT

Educational Level: Introductory, Intermediate, Advanced

Course Objectives:

At the end of this course, participants will be able to:

- Recognize disability in your practice. Today one in five Americans has a disability and this percent will continue to increase because of medical advances and the aging of our population.
- Become familiar with the range of disabilities including those involving mobility, hearing, speech, vision as well as the wide range of non-apparent disabilities.
- Integrate the course's Seven Themes for Setting Appropriate Boundaries with the Disability Community into your everyday practice.
- Avoid limiting beliefs about what people with disability can or cannot do. Today people with disability have access to technological and other adaptive techniques that make full inclusion possible.
- Gain disability competence through skillful navigation of physical boundaries as well as psychological, emotional and social boundaries.
