

**Course Title:** Concussion 101 – Diagnosis and Management of Acute Concussion

**Course Description:** Over the past 2 decades, there have been major advances in the basic and clinical science of concussion and mild traumatic brain injury. These advances now provide a more evidence-informed approach to the definition, diagnosis, assessment, and management of acute concussion. Standardized clinical tools have been developed and validated for assessment of acute concussion across injury settings (eg, civilian, sport, military). Consensus guidelines now provide guidance regarding injury management and approaches to ensure safe return to activity after acute concussion. This article provides a brief, high-level overview of approaches to best practice in diagnosis, assessment, and management of acute concussion.

**Target Audience:** OT / OTA and other healthcare professionals

**Course Type:** Video vs. Text-based

**Educational Level:** Beginner, Intermediate, Advanced

**CE Hours:** 1 contact hour / .1 ceu

**Course Prerequisites:** None

**Course Instructor:** Brown, MS, OTR/L, CHT

**Learning Objectives:**

- Define “concussion” and list 3 criteria used for making a diagnosis of acute concussion
- List 5 common signs and symptoms of concussion
- Describe the SCAT 3 in the assessment of concussion and outline it’s primary features
- Describe 3 key components in the follow-up evaluation and management of acute concussion
- Outline and describe the graduated approach to return-to-activity protocol

**Agenda:**

**Hour #1**

Key points

Introduction

Definition and diagnosis of acute concussion

Acute concussion assessment and management

Multidimensional assessment of acute concussion

Follow-up evaluation and management of acute concussion

Injury management and return to activity after concussion

Summary

**Course Completion Requirements:**

A passing score of 100% is required for course completion. You will have as many attempts as needed until your passing score of 100% is achieved. Upon successful completion of course and completing a satisfaction survey, you will receive your certificate of completion.

## **Additional Course Information**

**Course Registration:** Register for Free at [www.OnlineCE.com](http://www.OnlineCE.com). Once registered, you can begin to purchase courses. Contact [info@onlinece.com](mailto:info@onlinece.com) for special needs requests and assistance.

**Refund Policy:** There will be no refunds for courses taken at OnlineCE.com or monies deposited into My CE Bank. Any money on account will be used for taking future courses. If you start a course in error, or if you are dissatisfied with a course, please contact us in the first part of the course and we will void the course and you can select a replacement course.

**Cancellation Policy:** Only available courses are offered online and on-demand and available for purchase. No registration fees are collected for courses that are not provided on-demand. Due to the online and on demand format, courses are not cancelled.

**Course Date and Location:** This is an independent course that is available 24/7 on-demand at [www.OnlineCE.com](http://www.OnlineCE.com).

**Required Materials and Equipment:** Courses offered on OnlineCE.com can be accessed on any type of computer or device. No special software is required but we do recommend the use of the Chrome Browser (recommended, not required). All course materials are contained within the courses and no prerequisites are required.

OnlineCE.com is an AOTA Approved Provider of professional development, #4023. Course approval ID#4023. This distance learning-independent course is offered at .1 CEUs. Intermediate educational level, category foundational knowledge. AOTA does not endorse specific course content, products, or clinical procedures.

OnlineCE.com is an NBCOT Professional Development Provider. This course is offered for 1.25 NBCOT PDUs. NBCOT® is a registered trademark of the National Board for Certification in Occupational Therapy.
