

Course Title: COTA Skills 124 – Working with Elders Who Have Cerebrovascular Accidents

Course Description:

Source: Occupational Therapy with Elders: Strategies for the COTA, 3rd ed. by Rene Padilla, MS, OTR/L, Sue Byers-Connon, BA, COTA/L, ROH and Helene Lohman, MA, OTD, OTR/L

Source Description: The only comprehensive book on geriatric occupational therapy designed specifically for the COTA, Occupational Therapy with Elders: Strategies for the COTA, 3rd Edition provides in-depth coverage of each aspect of geriatric practice, from wellness and prevention to death and dying. A discussion of foundational concepts includes aging trends and strategies for elder care, and coverage of emerging areas includes low-vision rehabilitation, mobility issues including driving, and Alzheimer's disease and other forms of dementia. Expert authors René Padilla, Sue Byers-Connon, and Helene Lohman offer an unmatched discussion of diverse populations and the latest on geriatric policies and procedures in this fast-growing area of practice. See course outline below for details and inclusive content in COTA Skills 124 course

Target Audience: OT / OTA and other healthcare professionals

Course Type: Video vs. Text-based

Educational Level: Beginner, Intermediate, Advanced

CE Hours: 1 contact hour / .1 ceu

Course Prerequisites: None

Course Author / Instructor: Rene Padilla, MS, OTR/L, Sue Byers-Connon, BA, COTA/L, ROH and Helene Lohman, MA, OTD, OTR/L / Brown, MS, OTR/L, CHT

Learning Objectives:

- Discuss cerebrovascular accidents by describing the major features of strokes affecting the main arteries of the brain.
- Discuss at least three considerations in the occupational therapy evaluation of elders who have had a stroke.
- Describe the sequence of facilitating midline alignment while elders are supine, sitting, and standing, and explain the steps to follow when transferring elders from a supine position to the edge of the bed or from a sitting to a standing position.
- Explain precautions for handling an elder's hemiplegic upper extremity.

Agenda:

Hour #1

Cerebrovascular Accidents Occupational Therapy Evaluation

Impairments Resulting from Cerebrovascular Accidents of Specific Arteries Occupational
Therapy Intervention
Sequential Procedures for Changing from a Supine Position to Sitting at Edge of Bed Sequential
Procedures for Transfers
Visual-Perceptual-Cognitive Deficits Emotional Adjustment

Course Completion Requirements:

A passing score of 100% is required for course completion. You will have as many attempts as needed until your passing score of 100% is achieved. Upon successful completion of course and completing a satisfaction survey, you will receive your certificate of completion.

Additional Course Information

Course Registration: Register for Free at www.OnlineCE.com. Once registered, you can begin to purchase courses. Contact info@onlinece.com for special needs requests and assistance.

Refund Policy: There will be no refunds for courses taken at OnlineCE.com or monies deposited into My CE Bank. Any money on account will be used for taking future courses. If you start a course in error, or if you are dissatisfied with a course, please contact us in the first part of the course and we will void the course and you can select a replacement course.

Cancellation Policy: Only available courses are offered online and on-demand and available for purchase. No registration fees are collected for courses that are not provided on-demand. Due to the online and on demand format, courses are not cancelled.

Course Date and Location: This is an independent course that is available 24/7 on-demand at www.OnlineCE.com.

Required Materials and Equipment: Courses offered on OnlineCE.com can be accessed on any type of computer or device. No special software is required but we do recommend the use of the Chrome Browser (recommended, not required). All course materials are contained within the courses and no prerequisites are required.
