

Course Title: Hippotherapy 101 - Anatomy of the Pelvis with Interactive Dissection

Course Description: Hippotherapy 101 is a 2-hour course designed for Occupational and Physical Therapists who are currently using equine movement in their clinical practice and would like a review or greater understanding of the anatomy of the human pelvis. This course will review normal anatomy of the pelvic region and will provide an in-depth view and comprehensive overview of the human pelvis. Understanding normal anatomy is paramount to recognizing abnormal anatomy, pathology and normal and abnormal pelvic movement when a client is mounted on the horse. This course is divided into 2 parts; the first hour is a comprehensive review of pelvic anatomy and the second hour provides a unique opportunity to use interactive dissection software to actually locate, dissect and click through the different layers of anatomy. See below for course objectives and outline of content for additional information.

Target Audience: OT / OTA and other healthcare professionals

Course Type: Video vs. Text-based

Educational Level: Beginner, Intermediate, Advanced

CE Hours: 2 contact hour / .2 ceu

Course Prerequisites: None

Course Author / Instructor: Brown, MS, OTR/L, CHT, CTRI

Learning Objectives:

- Describe the bones that make up the pelvis
- List 3 ligaments that stabilize the pelvis
- List 3 functions of the pelvis
- Differentiate the boundaries of the greater pelvis from the lesser pelvis
- List and describe 3 muscles that have attachments within the pelvis
- List and describe 5 muscles that have attachments to the pelvis
- List 5 differences between the male and female pelvis
- List and describe the nerve and blood supply to the pelvis
- Describe 4 motions that occur at the pelvis
- Examine bony and soft tissue anatomy of the pelvis using interactive dissection

Agenda:

Anatomical Overview of the Pelvis
Function of the Pelvis
Anatomy of the Pelvis
 Bony Anatomy

Bony Landmarks
Ligaments Joints and Articulations
Greater Pelvis and Lesser Pelvis
Pelvic Inlet and Pelvic Outlet
Muscles within the Pelvis
Muscular Attachments to the Pelvis
Nerve Supply to the Pelvis
Blood Supply to the Pelvis

Differentiate Structural Differences in Pelvis Male vs Female
Describe Movement of the Pelvis in Relation to Anatomical Planes of the Body

Course Completion Requirements:

A passing score of 100% is required for course completion. You will have as many attempts as needed until your passing score of 100% is achieved. Upon successful completion of course and completing a satisfaction survey, you will receive your certificate of completion.

Additional Course Information

Course Registration: Register for Free at www.OnlineCE.com. Once registered, you can begin to purchase courses. Contact info@onlinece.com for special needs requests and assistance.

Refund Policy: There will be no refunds for courses taken at OnlineCE.com or monies deposited into My CE Bank. Any money on account will be used for taking future courses. If you start a course in error, or if you are dissatisfied with a course, please contact us in the first part of the course and we will void the course and you can select a replacement course.

Cancellation Policy: Only available courses are offered online and on-demand and available for purchase. No registration fees are collected for courses that are not provided on-demand. Due to the online and on demand format, courses are not cancelled.

Course Date and Location: This is an independent course that is available 24/7 on-demand at www.OnlineCE.com.

Required Materials and Equipment: Courses offered on OnlineCE.com can be accessed on any type of computer or device. No special software is required but we do recommend the use of the Chrome Browser (recommended, not required). All course materials are contained within the courses and no prerequisites are required.

OnlineCE.com is an AOTA Approved Provider of professional development, #4023. Course approval ID#4023. This distance learning-independent course is offered at .2 CEUs. Intermediate educational level, category foundational knowledge. AOTA does not endorse specific course content, products, or clinical procedures.

OnlineCE.com is an NBCOT Professional Development Provider. This course is offered for 2.50 NBCOT PDUs. NBCOT® is a registered trademark of the National Board for Certification in Occupational Therapy.
