Course Title: Human Trafficking 204

Course Subtitle: Human Trafficking Effecting Florida

Course Description: Human Trafficking is a form of modern-day slavery and it must be stopped! Human Trafficking 203, Human Trafficking Effecting Florida, is a 1 hour, audiovisual-formatted course designed for a variety of healthcare professionals. Human Trafficking is a growing industry and this heinous crime happens all over the world. Florida ranks 3rd for reported trafficking cases here in the United States. This course is designed to increase awareness of trafficking by defining what human trafficking is, where it occurs, how it occurs and the different types of trafficking including sex and labor trafficking. Healthcare professionals will learn how to identify potential victims including key indicators and learn how to report cases of human trafficking as well as provide key resources to a victim as they attempt to regain their freedom and rebuild their life. See below for additional information and outline of content.

Target Audience: Licensed healthcare professionals (Florida – as resources as specific to Florida. Other state licensed professionals will benefit from information included in this course)

Course Length: 1 hour

Course Author/Instructor: Joanne Brown, MS, OTR/L, CHT
