AOTA Approved Provider #4023

Course Title: Neurology UE 101

Sub-Title: Neuroanatomy

Course Description: Neurology UE 101, Neuroanatomy, is a 2-hour course designed for the beginning to advanced clinician in need of a review of neuroanatomy. A thorough understanding of neuroanatomy is fundamental for clinicians treating patients with neurologic conditions in order to assist them with identifying signs and symptoms of various conditions, performing differential diagnosis, developing effective treatment plans, designing therapeutic interventions and recognizing prognosis and functional outcomes for certain conditions. This course does not provide a comprehensive discussion of neuroanatomy, however instead provides a review of neuroanatomy covering basic structures within the nervous system along with their functions

Target Audience: OT/OTA

Course Length: 2 hours

Course Author/Instructor: Martin, PT, MACT and Kessler, PT, MHS / Brown, MS, OTR/L, CHT

Educational Level: Introductory, Intermediate, Advanced

The course is written at the intermediate level, but learners of all levels will benefit from the information.

Course Objectives:

At the conclusion of the course, participants will be able to:

- Differentiate between the central and peripheral nervous systems
- Identify significant structures within the nervous system
- Understand primary functions of structures within the nervous system
- Describe the vascular supply to the brain
- Discuss components of the cervical, brachial, and lumbosacral plexuses

Outline of Content:

Hour #1

Introduction

Major Components of the Nervous System

Types of Nerve Cells

Lobes of the Cerebrum
Deeper Brain Structures

Hour #2

Spinal Cord
Peripheral Nervous System
Reaction to Injury
Summary

Instructional Methods and Formats:

Online course available 24/7 at www.OnlineCE.com includes PDF downloadable course. See course formats for additional details.

Course Completion Requirements:

A minimum passing score of 100% is required for course completion. You will have as many attempts as needed until your passing score of 100% is achieved. Upon successful completion of course, you will receive your certificate of completion and AOTA eligible CEUs.

AOTA Classification Codes:

- Category 1: Domain of OT
- Category 2: Occupational Therapy Process
- Category 3: Professional Issues
