AOTA Approved Provider #4023

Course Title: OT Practice Guidelines 101

Sub-Title: OT Practice Framework: Domain and Process

Course Description: OT Practice Guidelines 101, OT Practice Framework: Domain and Process, is a 1-hour course designed for the beginning clinician or intermediate clinician looking for a refresher course on domain and process within the OT Practice Framework. This course begins with a review of performance areas including ADL, IADL, education, work, play, leisure and social. It reviews an analysis of occupational performance and the occupational therapy process. Intervention plan and types of OT interventions are described based on the analysis of areas of performance and contexts. At the end of this course, the learner will have a revised view of domain and process within the scope of the OT Practice Framework.

Target Audience: OT/OTA

Course Length: 1 hour

Course Author/Instructor: O'Brien, PhD, OTR/L / Brown, MS, OTR/L, CHT

Educational Level: Introductory, Intermediate, Advanced

The course is written at the intermediate level, but learners of all levels will benefit from the information.

Course Objectives:

At the conclusion of the course, participants will be able to:

- Define the domains of OT practice
- Outline the OT process
- Analyze activities in terms of areas of performance, performance skills, performance patterns, and client factors
- Provide examples of how contexts impact occupations
- Describe intervention approaches
