AOTA Approved Provider #4023

Course Title: Rehab 189

Course Subtitle: Therapeutic Programs for Musculoskeletal Programs Involving the Knee

Source: Therapeutic Programs for Musculoskeletal Disorders, by James F. Wyss and Amrish D. Patel

Source Description: Therapeutic Programs for Musculoskeletal Disorders is a guide for musculoskeletal medicine trainees and physicians to the art and science of writing therapy prescriptions and developing individualized treatment plans. Chapters are written by teams of musculoskeletal physicians, allied health professionals, and trainees to underscore the importance of collaboration in designing programs and improving outcomes.

The book employs a literature-driven treatment approach to the common musculoskeletal problems that clinicians encounter on a daily basis. Each condition-specific chapter includes clinical background and presentation, physical examination, and diagnostics, followed by a comprehensive look at the rehabilitation program. Case examples with detailed therapy prescriptions reinforce key points.

See course outline below for details

Target Audience: PT/PTA and other healthcare professionals

Course Length: 3 hours

Course Author/Instructor: Wyss, MD, PT and Patel, MD, PT / Brown, MS, OTR/L, CHT

Educational Level: Introductory, Intermediate, Advanced

The course is written at the intermediate level, but learners of all levels will benefit from the information.

Course Objectives:

At the end of the course, participants will be able to:

- Outline 3 key characteristics of various knee injuries including OA, patellofemoral syndrome, patellar and quadriceps tendinopathy, ligament sprains, meniscal tears, iliotibial band friction syndrome and other knee disorders
- Summarize and list 3 treatment guidelines for all of the injuries listed above
- Define which modality is used for diagnosing each of the above pathologies

- Provide an outline of 3 exercises used in the rehab of each knee pathology listed above
- Define 2 specialized techniques used for each of the knee pathologies listed above

Outline of Content:

Hour #1

Knee Osteoarthritis

Introduction
 The Rehabilitation Program
 Therapeutic Modalities
 Manual Therapy
 Therapeutic Exercise
 Specialized Techniques
 Home Exercise Program
 Summary
 Sample Case
 Sample Therapy Prescription

Patellofemoral Syndrome

Introduction
 The Rehabilitation Program
 Therapeutic Modalities
 Manual Therapy
 Specialized Techniques
 Home Exercise Program
 Summary
 Sample Case
 Sample Therapy Prescription

Hour #2

Patellar and Quadriceps Tendinopathy

Introduction
 The Rehabilitation Program
 Therapeutic Modalities
 Manual Therapy
 Therapeutic Exercise
 Specialized Techniques
 Home Exercise Program
 Summary
 Sample Case
 Sample Therapy Prescription

Knee Ligament Strains

Introduction
 The Rehabilitation Program
 Therapeutic Modalities
 Manual Therapy
 Therapeutic Exercise

Specialized Techniques
Home Exercise Program
Summary
Sample Case
Sample Therapy Prescription
Meniscal Tears
Introduction
The Rehabilitation Program
Therapeutic Modalities
Manual Therapy
