

Course Title: Spinal Cord Injuries 103 - Spinal Cord Injury: Transfer Techniques

Course Description: Spinal Cord Injuries 103, Spinal Cord Injuries: Transfer Techniques, is a 3-hour course designed for the beginning to intermediate clinician working with patients with spinal cord injuries (SCI). Transfers are a vital component in the rehab process. Patients must learn to perform multiple transfers throughout their day to and from various surfaces as they progress through their daily activities. This course provides an overview of different transfer techniques and outlines various considerations such as patient characteristics, associated risk with transfers, ergonomics, wheelchair management, positioning of the patient and safety aspects for transfers, and will also review various types of transfers ranging from independent transfers to transfers that requiring assistive devices. Different transfer situations as well as various functional surfaces are also discussed. Case studies are used for demonstration and to highlight clinical application. At the end of this course, the learner will have a more comprehensive understanding of different transfer techniques used with patients with SCI.

Target Audience: OT / OTA and other healthcare professionals

Course Type: Video vs. Text-based

Educational Level: Beginner, Intermediate, Advanced

CE Hours: 3 contact hour / .3 ceu

Course Prerequisites: None

Course Author / Instructor: Pouran D. Faghri, MD, FACSM, MS, Susan V. Garstang, MD, and Sue Kida, PT, MHA/ Brown, MS, OTR/L

Learning Objectives:

- Identify 10 patient considerations when learning transfer techniques
- Become familiar with transfer risks and how to avoid them
- Discuss the importance of proper transfer ergonomics
- Identify the significance of wheelchair management to aid transfer techniques
- List and describe 5 different types of transfers

Agenda:

Hour #1

Introduction
Patient Characteristics
Transfer Risks

Hour #2

Transfer Ergonomics
Wheelchair Management
Types of Transfers

Hour #3

Special Considerations for Specific Surfaces
Case Study #1
Summary

Course Completion Requirements:

A passing score of 100% is required for course completion. You will have as many attempts as needed until your passing score of 100% is achieved. Upon successful completion of course and completing a satisfaction survey, you will receive your certificate of completion.

Additional Course Information

Course Registration: Register for Free at www.OnlineCE.com. Once registered, you can begin to purchase courses. Contact info@onlinece.com for special needs requests and assistance.

Refund Policy: There will be no refunds for courses taken at OnlineCE.com or monies deposited into My CE Bank. Any money on account will be used for taking future courses. If you start a course in error, or if you are dissatisfied with a course, please contact us in the first part of the course and we will void the course and you can select a replacement course.

Cancellation Policy: Only available courses are offered online and on-demand and available for purchase. No registration fees are collected for courses that are not provided on-demand. Due to the online and on demand format, courses are not cancelled.

Course Date and Location: This is an independent course that is available 24/7 on-demand at www.OnlineCE.com.

Required Materials and Equipment: Courses offered on OnlineCE.com can be accessed on any type of computer or device. No special software is required but we do recommend the use of the Chrome Browser (recommended, not required). All course materials are contained within the courses and no prerequisites are required.

OnlineCE.com is an AOTA Approved Provider of professional development, #4023. Course approval ID#4023. This distance learning-independent course is offered at .3 CEUs. Intermediate educational level, category foundational knowledge. AOTA does not endorse specific course content, products, or clinical procedures.

OnlineCE.com is an NBCOT Professional Development Provider. This course is offered for 3.75 NBCOT PDUs. NBCOT® is a registered trademark of the National Board for Certification in Occupational Therapy.
