During the TeleSeminar – **Very Important to get proper credit**

1. We ask 2 interactive polling questions during each seminar hour. These will popup on your screen during the teleseminars. Your selections are anonymous to everyone in the meeting room, but you must answer them as they are verification of your attendance. If you do not answer them for any reason, it is your responsibility to immediately contact us via the Q & A pod or you may not get credit for the seminar.
2. The second pod down on the left side is the Q & A pod - enter any questions/comments you have and we will reply.
3. Be sure to write down the PIN code when we announce it during the TeleSeminar.

The TeleSeminar Ends– Do not disconnect until you read this and see the post seminar questions

1. Before midnight on the day of the TeleSeminar, you must go to www.chirocredit.com. On your personal homepage, the name of the teleseminar is listed under incomplete courses. If you do not see it, please refresh your page, or click on the link for "my personal homepage" which is on the upper corner of that page. If it still does not appear, unmute yourself and ask the moderator for assistance.
2. Click on the start/continue button next to the name of the teleseminar and the system will ask you for the PIN code announced during the teleseminar. When the page opens, scroll down and answer the post seminar quiz questions. Answer them all and submit your answers. If you get them all correct you will see a congratulations message and you can submit an optional survey form. If you do not see the congratulations message, you did not get all the answers correct. Review the answers you chose and the system will tell you which are wrong so you can try again.

Using an Ipad/Iphone/Itouch to take a Teleseminar:

You will need to download a free app to participate in the teleseminars using an Ipad/Iphone/Itouch

Go to app store and enter: adobe connect mobile (free) – the current version is Adobe Connect Mobile 1.7

Open the app and it will ask you for the meeting url. Login to ChiroCredit.com and scroll down to User Tools. On the right, there is a link for Meeting Room – the url is listed there. Enter the url into the Connect App.

Select to Enter As Guest. Type in your name and then click enter

In the upper left corner, there are four icons:

1. The first one is square the main view we recommend using for the teleseminar
2. The second one is a circle and provides a full screen view of the presentation pod
3. The third one is a page view – we don't recommend using this one.
4. Question icon – this opens a chat window with moderator.

IMPORTANT – when a polling question is announced and brought up in the meeting room, a fifth icon appears (a tilted square with a check). **YOU MUST CLICK ON THIS ICON** in order to answer the required polling question.

If a video is played, you will see “tap to view” on your screen. Please tap so the video will play. After the video closes, you may need to click on the first icon on the left to return to the PowerPoint.

If you want the file share file(s) for the teleseminar, you will need to provide your email address to the moderator in the chat pod
